chair upholstery

Standard Fabrics — A variety of quality fabrics are available. See *McDowell-Craig Fabric Selection Guide*. All fabrics meet the flammability requirements of the *California Technical Information Bulletin #117*.

Special Fabrics — Add \$75 per fabric per order and contact factory for individual chair pricing. Special fabric supplied by customer, add per chair: \$20.

Vinyl — Add \$75 per vinyl per order and add per chair: \$90. Vinyl supplied by customer, add per chair: \$60.

leather pricing

McDowell-Craig uses only the finest upholstery grade leather as our standard.

TC 100, TC 200 and TC 400 Series — Standard hard-shell outer-back: \$185. Upholstered outer-back “H” option: \$240

TC 100 Series — Four leg guest chairs: \$200

Customer’s own Leather (C.O.L) — All chairs: \$100

chair customer’s own material (C.O.M.) chart

number of chairs	fabric and vinyl		leather	
	standard	w/ upholstered back (option H)	standard	w/ upholstered back (option H)
1-5	1 yard per chair	1.5 yards per chair	.50 hide per chair	.75 hide per chair
6 +	.85 yard per chair	1.2 yards per chair	.50 hide per chair	.75 hide per chair

arm rests

Trek 100, 200 and 400 Series Chairs — standard arm pads are self-skinned urethane with integrated memory foam and a matte black textured finish.

Trek Stackable Guest Chairs — arm rests are integral skinned poly-urethane with a matte black textured finish.

seats

Trek Guest Chairs and Trek Stackable Guest Chairs — come standard with curved seat and back, fully upholstered over 1-1/2" thick, high-resilient foam.

Trek 100, 200, 400 Series, and Sled Base Guest Chairs — come standard with multiple density contoured seat cushions and integrated memory foam.

back rests

Trek 100, 200, 400 Series, and Sled Base Guest Chairs — standard back rest is contoured soft density foam with additional medium density lumbar foam inserts for optimal lower back support. Hard shell outer-back.

Trek Stackable Guest Chairs — standard back rest is fully upholstered over 1" thick, high-resilient foam front. Back upholstery is over 1/2" thick, standard foam backing. This back rest is sculptured to fully support the back, placing extra support on the lumbar.

steel frames

Trek Arch Sled Base Guest Chair — frame is constructed of 12 gauge, 1" domestic steel tubing with high-solid, baked enamel finish.

Trek Standard Sled Base Guest Chair — frame is constructed of 16 gauge, 1" domestic steel tubing with high-solid, baked enamel finish.

Trek Stackable Guest Chairs — frame is constructed of 16 gauge, 1" domestic steel tubing with high-solid, baked enamel finish.

casters

Dual wheel carpet casters — come standard.

Soft dual wheel hard floor casters — \$20 per chair

warranty information

Pneumatic cylinder / chair control — 12 years

High wear parts (Fabric, Cushions, Casters, Arms and Glides) — 5 years

All other parts — Lifetime

H	1	\$42

synchro-tilt self-adjustment feature details

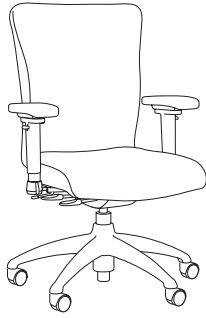

2 : 1 synchronized tilt –

This standard feature facilitates the seat and back movement to synchronize at a 2 to 1 ratio (as shown at left). Spontaneous body support provided by the synchronization of seat and back promotes circulation and reduces fatigue.
